About Me

I am a Business Information Systems undergraduate and a Certified Physical Fitness Trainer. As the Founder of HESHZ FIT, I combine my passion for creative digital design with fitness coaching to help people achieve peak performance and transform their lifestyle.

Entrepreneurship & Digital Experience

Founder & Head Coach

Organization: HESHZ FIT

- Duration: 2026 – Present
- Description: Successfully established and managing an online fitness brand. Directing digital marketing strategies, designing promotional layouts, and utilizing online platforms to deliver personalized body transformation programs and client management.

Digital Content Creator & Manager

- Description: Directing end-to-end digital content creation, including AI video generation, audio engineering, and video editing using tools like Adobe Audition and InShot. Managing social media scheduling and designing high-impact YouTube thumbnails to maximize user engagement.

Undergraduate Business Information Systems

- Description: Actively contributing to full-stack and web development projects (such as UniConnect and EcoCollect Lanka). Applying Agile/Scrum methodologies, collaborative development workflows, and UI/UX design principles to build sustainable digital solutions.

Projects

- UniConnect (Collaborative Platform)
- EcoCollect Lanka (Web Application)
- DHack UI/UX Interface - Figma
